COMMISSION IMPLEMENTING REGULATION (EU) No .../..

of XXX

on the model identification documents for the non-commercial movement of dogs, cats and ferrets, the establishment of lists of territories and third countries and the model declarations attesting certain conditions provided for in Regulation (EU) No xxx/2013 of the European Parliament and of the Council

(Text with EEA relevance)

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) No xxx/2013 of the European Parliament and of the Council of xxx 2013 on the non-commercial movement of pet animals and repealing Regulation (EC) No 998/2003¹, and in particular Article 13(1) and (2), Articles 21(1) and 25(1) and Article 42a thereof,

Whereas:

- (1) Regulation (EU) No xxx/2013⁽¹⁾ lays down the animal health requirements applicable to the non-commercial movement of pet animals into a Member State from another Member State or from a territory or a third country and the rules for compliance checks on such movements. That Regulation repealed and replaced Regulation (EC) No 998/2003 of the European Parliament and of the Council of 26 May 2003 on the animal health requirements applicable to the non-commercial movement of pet animals and amending Council Directive 92/65/EEC².
- (2) Dogs, cats and ferrets are listed in Part A of Annex I to Regulation (EU) No xxx/2013⁽¹⁾, as species of animals covered by that Regulation.
- (3) Regulation (EU) No xxx/2013⁽¹⁾ provides that dogs, cats and ferrets are not to be moved into a Member State from another Member State or from territories or third countries unless they have received an anti-rabies vaccination that complies with the validity requirements set out in Annex IV thereto. However, the movement of young dogs, cats and ferrets which are not vaccinated or do not meet the validity requirements set out in Annex IV thereto may be authorised from Member States or from territories or third countries listed pursuant to Article 13 of Regulation (EU) No xxx/2013⁽¹⁾, where, *inter alia*, the owner or the authorised person provides a signed declaration that from birth until the time of the non-commercial movement the pet animals have had no contact with wild animals of species susceptible to rabies. It is therefore appropriate to set out the model for that declaration in this Regulation.
- (4) In addition, Regulation (EU) No xxx/2013⁽¹⁾ provides that the Commission is to adopt two lists of territories or third countries from which dogs, cats or ferrets moved for non-commercial purposes into a Member State are not required to undergo a rabies

¹ OJ L [...], [...], p. [...]. [2012/(0039) COD – PE-CONS 9/13]

² OJ L 146, 13.6.2003, p. 1.

DRAFT

antibody titration test. One of those lists should include those territories or third countries that have demonstrated that they apply rules the content and effect of which are the same as those applied by Member States and the other list should include those territories or third countries that have demonstrated that they meet at least the criteria laid down in Article 13(2) of Regulation (EU) No xxx/2013⁽¹⁾. It is therefore appropriate to set out those lists in an Annex to this Regulation.

- (5) In addition, those lists should take account of the provisions of Treaty of Accession of Croatia, according to which Croatia is to become a member of the European Union on 1 July 2013 and European Council Decision 2012/419/EU of 11 July 2012 amending the status of Mayotte with regard to the European Union³ which provides that from 1 January 2014 Mayotte is to cease to be an overseas country or territory to which the provisions of Part Four of the Treaty on the Functioning of the European Union apply and is to become an outermost region of the Union within the meaning of Article 349 of that Treaty.
- (6) Regulation (EU) No xxx/2013⁽¹⁾ also provides that dogs, cats and ferrets are not to be moved into a Member State from a territory or a third country other than those listed in an Annex to this Regulation unless they have undergone a rabies antibody titration test that complies with the validity requirements set out in Annex V to Regulation (EU) No xxx/2013⁽¹⁾.
- (7) Those requirements include the obligation to perform that test in a laboratory approved in accordance with Council Decision 2000/258/EC of 20 March 2000 designating a specific institute responsible for establishing the criteria necessary for standardising the serological tests to monitor the effectiveness of rabies vaccines⁴, which provides that the Agence française de sécurité sanitaire des aliments (AFSSA) in Nancy, France (integrated since 1 July 2010 into the Agence nationale de sécurité sanitaire de l'alimentation, de l'environnement et du travail, ANSES) is to appraise the laboratories in Member States and third countries for the purposes of their authorisation to carry out serological tests to monitor the effectiveness of rabies vaccines in dogs, cats and ferrets.
- (8) Regulation (EU) No xxx/2013⁽¹⁾ also provides that dogs, cats and ferrets moved into a Member State from another Member State for non-commercial purposes are to be accompanied by an identification document in the format of a passport in accordance with a model to be adopted by the Commission. That model is to contain the entries for the insertion of the information laid down in Regulation (EU) No xxx/2013⁽¹⁾. The model and additional requirements for the passport should be set out in an Annex to this Regulation and, for the sake of clarity and simplification of Union legislation, Commission Decision 2003/803/EC of 26 November 2003 establishing a model passport for the intra-Community movements of dogs, cats and ferrets⁵ should be repealed.
- (9) Regulation (EU) No xxx/2013⁽¹⁾ also provides that dogs, cats and ferrets moved into a Member State from a territory or a third country for non-commercial purposes are to be accompanied by an identification document in the format of an animal health certificate in accordance with a model to be adopted by the Commission. That model is to contain the entries for the insertion of the information laid down in Regulation

³ OJ L 204, 31.7.2012, p. 131.

⁴ OJ L 79, 30.3.2000, p. 40.

⁵ OJ L 312, 27.11.2003, p. 1.

DRAFT

(EU) No xxx/2013⁽¹⁾. It is therefore appropriate to set out that model in an Annex to this Regulation.

- (10) By way of derogation from the format of the animal health certificate provided for in the case of a movement into a Member State from a territory or a third country, Regulation (EU) No xxx/2013⁽¹⁾ provides that Member States are to authorise the non-commercial movement of dogs, cats and ferrets from a territory or a third country that has demonstrated that it applies rules the content and effect of which are the same as those applied by Member States, where the identification document accompanying them has been issued in accordance with the procedure provided for in the case of a movement into a Member State from another Member State. However, a number of technical adaptations are necessary to the model passport to be used in such cases, with regard in particular to features on the cover page that cannot fully comply with the requirements applicable to passports issued by a Member State. For reasons of clarity, it is therefore appropriate to set out a model for such passports in this Regulation.
- (11) Regulation (EU) No xxx/2013⁽¹⁾ provides that where the number of dogs, cats or ferrets moved for non-commercial purposes during a single movement exceeds five, the relevant animal health requirements laid down in Council Directive 92/65/EEC of 13 July 1992 laying down the animal health requirements governing trade in and imports into the Community of animals, semen, ova and embryos not subject to animal health requirements laid down in specific Community rules referred to in Annex A(I) to Directive 90/425/EEC⁶ are to apply to those animals, except under specific conditions and for certain categories of animals.
- (12) Implementing Decision 2011/874/EU of 15 December 2011 laying down the list of third countries and territories authorised for imports of dogs, cats and ferrets and for non-commercial movements of more than five dogs, cats and ferrets into the Union and the model certificates for imports and non-commercial movements of those animals into the Union⁷ should therefore be repealed.
- (13) In addition Commission Decision 2004/839/EC of 3 December 2004 establishing conditions for non-commercial movements of young dogs and cats from third countries into the Community⁸ and Commission Decision 2005/91/EC of 2 February 2005 establishing the period after which the anti-rabies vaccination is considered as valid⁹ were adopted in order to provide for uniform rules for the implementation of Regulation (EC) No 998/2003. The rules provided for in those acts have been reviewed and are now incorporated in the provisions of Regulation (EU) No xxx/2013⁽¹⁾. For the sake of clarity and simplification of Union legislation, Decisions 2004/839/EC and 2005/91/EC should therefore be repealed.
- (14) Council Directive 96/93/EC of 17 December 1996 on the certification of animals and animal products¹⁰ lays down the rules to be observed in issuing the certificates required by veterinary legislation to prevent misleading or fraudulent certification. It is appropriate to ensure that rules and principles at least equivalent to those laid down in that Directive are applied by official veterinarians of third countries.

DRAFT

- (15) Commission Delegated Regulation (EU) No 1152/2011 of 14 July 2011 supplementing Regulation (EC) No 998/2003 of the European Parliament and of the Council as regards preventive health measures for the control of *Echinococcus multilocularis* infection in dogs¹¹ provides that from 1 January 2012, dogs entering Member States or parts thereof listed in Annex I thereto are to be treated against the parasite *Echinococcus multilocularis* in accordance with the requirements set out in that Regulation.
- (16) This Regulation should apply without prejudice to Commission Decision 2006/146/EC of 21 February 2006 on certain protection measures with regard to certain fruit bats, dogs and cats coming from Malaysia (Peninsula) and Australia¹² which prohibits imports of dogs and cats from Malaysia (Peninsula) and cats from Australia unless certain conditions are met regarding respectively Nipah disease and Hendra disease.
- (17) This Regulation should apply from the date of application of Regulation (EU) No xxx/2013⁽¹⁾.
- (18) The measures provided for in this Regulation are in accordance with the opinion of the Standing Committee on the Food Chain and Animal Health,

HAS ADOPTED THIS REGULATION:

Article 1

Model declarations referred to in Articles 6 and 11 of Regulation (EU) No xxx/2013

The declarations referred to in Article 6(2) and Article 11(1a)(a) of Regulation (EU) No xxx/2013⁽¹⁾ shall be drawn up in accordance with the model set out in Part 1 of Annex I to this Regulation and shall comply with the additional requirements set out in Part 2 of that Annex.

Article 2

Lists of territories and third countries referred to in Article 13 of Regulation (EU) No xxx/2013

1. The list of territories and third countries referred to in Article 13(1) of Regulation (EU) No xxx/2013⁽¹⁾ is set out in Part 1 of Annex II to this Regulation.
2. The list of territories and third countries referred to in Article 13(2) of Regulation (EU) No xxx/2013⁽¹⁾ is set out in Part 2 of Annex II to this Regulation.

Article 3

Model passports for the non-commercial movement of dogs, cats or ferrets

1. The passport referred to in Article 21(1) of Regulation (EU) No xxx/2013⁽¹⁾ shall be drawn up in accordance with the model set out in Part 1 of Annex III to this Regulation and shall comply with the additional requirements set out in Part 2 of that Annex.
2. By way of derogation from paragraph 1, passports issued, pursuant to Article 27(a) of Regulation (EU) No xxx/2013⁽¹⁾, in one of the territories or third countries listed in Part 1 of Annex II to this Regulation shall be drawn up in accordance with the model set out in Part 3 of Annex III to this Regulation and shall comply with the additional requirements set out in Part 4 of that Annex.

¹¹ OJ L 296, 15.11.2011, p. 6.

¹² OJ L 55, 25.2.2006, p. 44.

DRAFT

Article 4

Animal health certificate for the non-commercial movement into the Union of dogs, cats or ferrets

The animal health certificate referred to in Article 25(1) of Regulation (EU) No xxx/2013⁽¹⁾ shall be

- (a) drawn up in accordance with the model set out in Part 1 of Annex IV to this Regulation;
- (b) duly completed and issued in accordance with the explanatory notes set out in Part 2 of that Annex;
- (c) supplemented by the owner's declaration drawn up in accordance with the model set out in Section A of Part 3 of that Annex and complying with the additional requirements set out in Section B of Part 3 of that Annex.

Article 5

Repeals

Decisions 2003/803/EC, 2004/839/EC, 2005/91/EC and Implementing Decision 2011/874/EU are repealed.

Article 6

Entry into force and applicability

This Regulation shall enter into force on the twentieth day following that of its publication in the *Official Journal of the European Union*.

It shall apply from [*insert date of application of 2012/(0039) COD – PE-CONS 9/13*].

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels,

For the Commission
The President
José Manuel BARROSO

ANNEX I

Model declaration

referred to in Article 6(2) and Article 11(1a)(a) of Regulation (EU) No xxx/2013⁽¹⁾

**Part 1
Model declaration**

DECLARATION

I, the undersigned

.....
[owner or natural person authorised in writing by the owner to carry out the non-commercial movement of the pet animals on behalf of the owner⁽¹⁾]

declare that from birth until the time of the non-commercial movement the following pet animals have had no contact with wild animals of species susceptible to rabies:

Microchip/tattoo ⁽¹⁾ alphanumeric code	Passport/Animal health certificate ⁽¹⁾ number

Place and date:

Signature:

(1) delete as appropriate

Part 2

Additional requirements for the model declaration

The declaration shall be drawn up at least in the official language(s) of the Member State(s) of destination/entry and in English and shall be completed in block letters.

Explanatory notes for completing the passport

- In each Section of the passport the following format shall be used to indicate :
 - a date [dd/mm/yyyy]
 - a time [00:00]
- Section V: only required before movement into another Member State in accordance with EU animal health legislation.
- Section VI: only required where the animal re-enters the Union after a movement to certain territories or third countries in accordance with EU animal health legislation (to be completed before the animal left the Union).
- Section VII: only required before movement into certain Member States in accordance with EU animal health legislation.
- Sections VIII to XI: may be required by territories or third countries of destination which accept the passport.
- Section X: only required where the animal is accompanied by a health certificate in accordance with EU animal health legislation
- Section XII: additional information required under national legislation

Additional requirements concerning the passport issued in a Member State

1. Format of the passport:
 - (a) the format of the passport shall be uniform;
 - (b) the dimension of the passport shall be 100 × 152 mm.
2. Cover of the passport:
 - (a) colour: blue (PANTONE[®] Reflex Blue C, RGB 0 / 20 / 137) and yellow stars (PANTONE[®] Yellow C, RGB 254 / 221 / 0) in the upper quarter complying with the specification of the European emblem;
 - (b) the words 'European Union' and the name of the Member State of issue shall be printed in similar typeface;
 - (c) the ISO country code of the Member State of issue followed by a unique alphanumeric code (indicated as "number" in the model of passport set out in Part 1), shall be printed on the cover of the passport.
3. Sequences of the headings and numbering of pages of the passport:
 - (a) the sequence of the headings (with the roman numbers) must be strictly respected;
 - (b) the pages of the passport shall be numbered at the bottom of each page in the following format: 'x out of n', where x is the current page and n is the total number of pages of the passport;
 - (c) the number of pages and the size and shape of the boxes in the model of passport set out in Part 1 are indicative.
4. Languages:

All printed text shall be in the official language(s) of the Member State of issue and in English.
5. Security features:

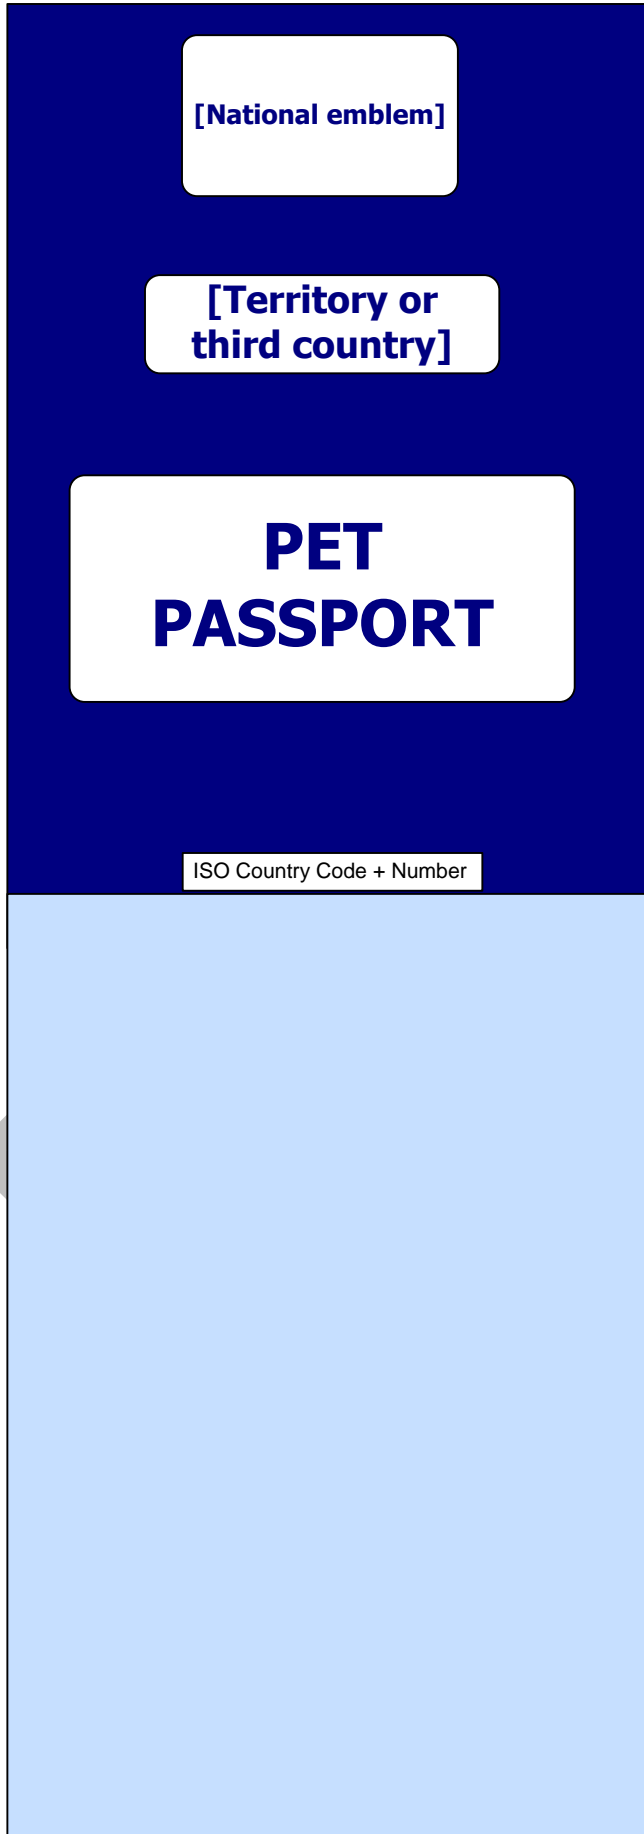

After the required information has been entered in Section III of the passport, the page shall be sealed by a transparent adhesive laminate.

Additional requirements concerning the passport issued in one of the territories or third countries listed in Part 1 of Annex II to this Regulation

1. Format of the passport:
 - (a) the format of the passport shall be uniform;
 - (b) the dimension of the passport shall be 100 × 152 mm.
2. Cover of the passport:
 - (a) colour: PANTONE[®] monochrome and national emblem in the upper quarter;
 - (b) the ISO country code of the territory or third country of issue followed by a unique alphanumeric code (indicated as "number" in the model of passport set out in Part 3), shall be printed on the cover of the passport.
3. Sequences of the headings and numbering of pages of the passport
 - (a) the sequence of the headings (with the roman numbers) must be strictly respected;
 - (b) the pages of the passport shall be numbered at the bottom of each page in the following format: 'x out of n', where x is the current page and n is the total number of pages of the passport;
 - (c) the number of pages and the size and shape of the boxes in the model of passport set out in Part 3 are indicative.
4. Languages

All printed text shall be in the official language(s) of the territory or third country of issue and in English.
5. Security features

After the required information has been entered in Section III of the passport, the page shall be sealed by a transparent adhesive laminate.

COUNTRY Non-commercial movement into a Member State from a territory or third country of dogs, cats or ferrets in accordance with Article 4a(1) and (2) of Regulation (EU) No xxx/2013 of the European Parliament and of the Council⁽¹⁾

	II. Health information	II.a. Certificate reference No	II.b.	
Part II: Certification	I, the undersigned official veterinarian ⁽¹⁾ /veterinarian authorised by the competent authority ⁽¹⁾ of..... (insert name of territory or third country) certify that:			
	<u>Purpose/nature of journey attested by the owner:</u>			
		II.1.	the attached owner's declaration ⁽²⁾ , supported by evidence ⁽³⁾ , states that the animals described in Box I.28 will accompany the owner within not more than five days of his movement and are not subject to a movement that aims at their sale or a transfer of ownership, and during the movement will remain under the responsibility of	
		⁽¹⁾ either	[the owner;]	
		⁽¹⁾ or	[the natural person who is authorised in writing by the owner to carry out the movement of the animals on behalf of the owner	
		⁽¹⁾ or	[the natural person designated by a carrier contracted by the owner to carry out the movement of the animals on behalf of the owner;]	
		⁽¹⁾ either	II.2.	the animals described in Box I.28 are moved in a number of five or less;]
		⁽¹⁾ or	II.2.	the animals described in Box I.28 are moved in a number of more than five, are above six months of age and are going to participate in competitions, exhibitions or sporting events or in training for those events, and the owner or the natural person referred to in point II.1 has provided evidence ⁽³⁾ that the animals are registered
		⁽¹⁾ either	[to attend such event;]	
		⁽¹⁾ or	[with an association organising such events;]	
	<u>Attestation of vaccination and health test:</u>			
	⁽¹⁾ either	II.3.	the animals described in Box I.28 are less than 12 weeks old and have not received an anti-rabies vaccination, or are between 12 and 16 weeks old and have received an anti-rabies vaccination, but 21 days at least have not elapsed since the completion of the primary vaccination against rabies carried out in accordance with the validity requirements set out in Annex IV to Regulation (EU) No xxx/2013 of the European Parliament and of the Council [2012/(0039) COD – PE-CONS 9/13] ⁽⁴⁾ , and	
		II.3.1	the territory or third country of provenance of the animals is listed in Annex II to Commission Implementing Regulation (EU) No xxx/2013 [<i>this Regulation</i>] and the Member State of destination has informed the public that it authorises such animals into its territory, and they are accompanied by	
	⁽¹⁾ either	II.3.2	the attached declaration ⁽⁶⁾ of the owner or the natural person referred to in point II.1 stating that from birth until the time of the non-commercial movement the animals have had no contact with wild animals of species susceptible to rabies;]	
	⁽¹⁾ or	II.3.2	their mother, on whom they still depend, and it can be established that the latter received before their birth an anti-rabies vaccination which complied with the validity requirements set out in Annex IV to Regulation (EU) No xxx/2013 of the European Parliament and of the Council [2012/(0039) COD – PE-CONS 9/13];]	
	⁽¹⁾ or	II.3.	the animals described in Box I.28 are at least 12 weeks old and at least 21 days have elapsed since the completion of the primary vaccination against rabies ⁽⁴⁾ carried out in accordance with the validity requirements set out in Annex IV to Regulation (EU) No xxx/2013 of the European Parliament and of the Council [2012/(0039) COD – PE-CONS 9/13] and any subsequent revaccination was carried out within the period of validity of the preceding vaccination ⁽⁵⁾ ; and	
	⁽¹⁾ either	II.3.1	the animals described in Box I.28 come from a territory or third country listed in Annex II to Commission Implementing Regulation (EU) No xxx/2013 [<i>this Regulation</i>], and the details of the current vaccination are provided in the table;]	
	⁽¹⁾ or	II.3.1	the animals described in Box I.28 come from, or are scheduled to transit ⁽⁷⁾ through, a territory or third country other than those listed in Annex II to Commission Implementing Regulation (EU) No xxx/2013 [<i>this Regulation</i>] and a rabies antibody titration test ⁽⁹⁾ , carried out on a blood sample taken by the veterinarian authorised by the competent authority on the date indicated in the table in point II.2.3 not less than 30 days after the preceding vaccination and at least three months prior to the date of issue of this certificate, proved an antibody titre equal to or greater than 0.5 IU/ml and

DRAFT

Part 2

Explanatory notes for completing the animal health certificates

- (a) Where the certificate states that certain statements shall be kept as appropriate, statements which are not relevant may be crossed out and initialled and stamped by the official veterinarian, or completely deleted from the certificate.
- (b) The original of each certificate shall consist of a single sheet of paper, or, where more text is required it must be in such a form that all sheets of paper required are part of an integrated whole and indivisible.
- (c) The certificate shall be drawn up at least in the official language(s) of the Member State(s) of entry and in English. It shall be completed in block letters in the official language(s) of the Member State(s) of entry or in English.
- (d) If additional sheets of paper or supporting documents are attached to the certificate, those sheets of paper or document shall also be considered as forming part of the original of the certificate by the application of the signature and stamp of the official veterinarian, on each of the pages.
- (e) When the certificate, including additional sheets referred to in point (c), comprises more than one page, each page shall be numbered (page number of total number of pages) at the end of the page and shall bear at the top of each page the certificate reference number that has been designated by the competent authority.
- (f) The original of the certificate shall be issued by an official veterinarian of the territory or third country of dispatch or by an authorised veterinarian and subsequently endorsed by the competent authorities of the territory or third country of dispatch. The competent authorities of the territory or third country of dispatch shall ensure that rules and principles of certification equivalent to those laid down in Directive 96/93/EC are followed.

The colour of the signature shall be different from that of the printing. This requirement also applies to stamps other than those embossed or watermarked.
- (g) The certificate reference number referred to in boxes I.2 and II.a. shall be issued by the competent authority of the territory or third country of dispatch.
